

# NDB5 MINI 45L HOLDALL

The NDB5 45L Mini Holdall is a versatile and compact bag, constructed from durable, high-visibility ripstop nylon material with reflective silver trim for added safety.

Designed with practicality in mind, it features an adjustable alpine-cut shoulder strap that can be clipped to the left or right side, providing customisable comfort for the user. When not in use, the strap can be stored in a specially designed pouch, maintaining a sleek and tidy look.

With its spacious 45-litre capacity, internal mesh pockets, and D-zip opening with a weather-protective zipper flap, this holdall is perfect for any adventure, whether you're travelling, diving, or simply on the go. The bag also comes with a convenient wash bag for additional storage.
