

PRO-WADE

NEOPRENE WADERS

Take on cold and wet environments with confidence in the Northern Diver Pro-Wade 5mm Neoprene Chest Waders. Designed for anglers, divers, rescue teams and outdoor professionals, they deliver exceptional warmth, durability and comfort for demanding conditions.

Constructed from 5mm neoprene, the Pro-Wade Waders provide excellent thermal insulation and flexibility, while the high-cut chest design offers reliable protection from water, mud and debris. Adjustable braces, reinforced knees and practical storage pockets ensure lasting comfort and durability throughout the day.

Supplied with lightweight PVC boots as standard, the waders can also be fitted with a choice of alternative footwear, including Quatro wellington boots, Dacor dive boots, Dive 10 boots or neoprene socks to suit your application.

Ideal for fishing, shoreline surveys, dive operations and flood response, the Pro-Wade Waders are also available with optional custom branding for clubs, businesses and emergency services.

Available in S, M, L, XL and XXL.

Customisable footwear

Robust, lightweight PVC boots are fitted to the waders as standard, however other boots or socks can be fitted, subject to your choice. These options include: PVC or Quatro wellington boots, Dacor or Dive 10 dive boots and neoprene socks. Please see the drop-down menu for footwear options.

Personalise your waders

As well as choosing your preferred footwear, you can also personalise your waders with your branding, name, logo or any other artwork. Our dedicated in-house design team are here to work with you to ensure that you are completely happy with the design before going to manufacture. Contact us with your requirements.
